Alaska Family Council
Family. Faith. Freedom.

Thanks so much for visiting akvoter.com – the go to voter resource site for Alaskans who care deeply about voting Biblically.

Since 2006, Alaska Family Action, the political arm of Alaska Family Council, has provided information to the faith community on candidates running for public office through our Values Voter Guide.

A few thoughts on the 2026 General Election Guide.

1) The guide is broken down by 5 Regions.

Southeast/Kodiak/Prince William Sound
Fairbanks/Interior
MatSu/Kenai Peninsula
Anchorage/Eagle River
Western/Rural/Northern

2) Although it's mentioned in our Guide, we want to reiterate how critical it is to **Rank the Republicans** in the Governor race. If you don't rank, it is very likely that our next Governor will not be aligned with Biblical values. A JKT Administration, in fact, would have very negative consequences for the unborn, religious liberty, parental rights, Biblical sexuality school choice and other areas. CLICK HERE for an article describing that in more detail that we published recently.

3) As always, there are many candidates, mostly Democrats, who choose to not respond to our survey. In those cases, it's almost always because they are not aligned with our issues. Click HERE for a comparison of how the Democrat and Republican Platforms differ on cultural, fiscal and other issues.

If a Republican doesn't respond, it can be because they are soft on or on the wrong side of the questions we ask. Or, it can be that they are "playing it safe" by not wanting to identify themselves as a social conservative. Although I disagree with this strategy (I think you should speak to and animate the voters who are aligned with you and not worry as much about those who might vote for you if you stay silent) we can agree to disagree on this.

In other words, don't assume that because you see a **DID NOT RESPOND** below a candidate that they are not a social conservative. My recommendation is to reach out to them and ask them why they didn't respond. CLICK HERE for a contact list of candidates.

4) For a list of candidates Alaska Family Action has **ENDORSED** for the 2026 General Election, CLICK HERE

And please share the guide far and wide. There are many people saying it is a "fait accompli" that Alaska is turning blue. Although we rest our heads on the pillow of God's sovereignty each night, as Charles Sturgeon noted, we press until the end to bring people into public office who will align policies with righteousness.

Never give up.

Jim Minnery – *President*
Alaska Family Action
